

A nurse for every school bag. Health guidance your parents will thank you for.

Sisi Nurse puts "a nurse on your phone" — Sisi listens, tells you what to do, then connects you with a real, identity-verified nurse or doctor. Partnering with your school makes trusted health guidance part of what families get for choosing you — on sick days, at 2am, and for the staff room too.

WHAT SISI DOES — SISINURSE.AFRICA

1 • Sisi listens

A parent describes what's wrong — fever after school, a rash, a sports knock. Sisi asks the right questions, in plain language, any hour of the day.

2 • Sisi guides

Clear first-step guidance: what to do now, what to watch for, and when it's serious enough to seek care immediately — calm answers instead of midnight panic.

3 • Sisi connects

When it needs a professional, Sisi connects the family to a real nurse or doctor — every professional identity-verified through Agodi's AfrilD network.

HOW THE PARTNERSHIP WORKS

1

Meet & scope

30 minutes with school leadership — classes, staff, term plan.

2

Pilot one term

Families of pilot classes and all staff get Sisi Nurse access.

3

Parents on board

Co-branded letter home + a short demo at the parents' evening.

4

Review together

End-of-term review: usage, parent feedback, staff feedback.

5

Roll out

School-wide family access at founding-partner pricing, renewed termly.

WHAT THE SCHOOL GAINS

- ✓ **A real answer to "is my child okay?"** — the question every school office fields daily.
- ✓ **Fewer unnecessary absences:** parents get guidance before deciding to keep a child home.
- ✓ **Staff wellness benefit** included — teachers get the same access as families.
- ✓ **A health story competitors can't tell** — "our families have a nurse on their phone."

WHAT AGODI PROVIDES

- ✓ **Sisi Nurse access** for pilot families and all school staff.
- ✓ **Onboarding:** co-branded parent letters, posters and a parents' evening demo.
- ✓ **Verified professionals only:** every nurse and doctor identity-checked via AfrilD.
- ✓ **Privacy first:** family health conversations are private — never shared with the school.

THE PILOT OFFER — FIRST TERM FREE

We are selecting a founding cohort of schools in Lagos and Johannesburg. One full term of Sisi Nurse for pilot-class families and every staff member, at no cost to the school — in exchange for structured feedback and a case study we build together.

Sisi guidance for families

AFTER THE PILOT

- ✓ Per-family termly access, billed to the school or offered to parents directly.
- ✓ Staff wellness access stays included.
- ✓ Founding schools keep partner pricing permanently.
- ✓ No lock-in — renew term by term.
