

Learning. Money habits. Health. One partner for the modern African school.

Agodi builds technology for African families — and school is where families meet technology first. We are inviting forward-thinking schools to partner with us on three products that make a school stand out: safe digital learning, real financial literacy, and health guidance parents can trust.

THREE PRODUCTS, ONE SCHOOL PROGRAMME

PlayOlu

Ad-free African learning games · playolu.com

Learning games and bedtime stories starring Olu the Play Hero — African-inspired, ad-free and COPPA-compliant, for ages 0–12.

- ✓ Safe screen time schools can endorse
- ✓ Numeracy, literacy & culture through play
- ✓ Family Pass licensing for the whole school

Olu Piggy Bank

Kids' money habits · "Little Coins. Big Dreams."

A premium savings app for children: Save, Spend and Give jars, streaks and badges, a Financial Literacy Academy — all under parent approval.

- ✓ Financial literacy as a school programme
- ✓ School savings clubs & classroom challenges
- ✓ Safety-first: parents approve everything

Sisi Nurse

A nurse on your phone · sisinurse.africa

Sisi listens, tells you what to do, then connects you to a real nurse or doctor. Identity-verified professionals, built for African families.

- ✓ First-line health guidance for the school
- ✓ Parent peace of mind on sick days
- ✓ Staff wellness access included

HOW THE PARTNERSHIP WORKS

1

Meet & scope

30-minute session with school leadership to pick the programmes that fit.

2

Pilot one term

Selected classes get full access. Onboarding session for teachers and parents included.

3

Parents on board

Co-branded letters and a parents' evening demo — the school looks innovative, parents feel safe.

4

Review together

End-of-term review: usage, feedback from teachers, pupils and parents.

5

Roll out

School-wide licensing at partner pricing, renewed termly.

WHAT THE SCHOOL GAINS

- ✓ **Differentiation:** a visible technology programme parents talk about at the school gate.
- ✓ **African-made, values-safe content** — no ads, no strangers, parent controls throughout.
- ✓ **Practical life skills:** money habits and health literacy alongside academics.
- ✓ **Founding-partner pricing** locked in for early schools.

WHAT AGODI PROVIDES

- ✓ **All licences** for pilot classes, plus onboarding for teachers and parents.
- ✓ **Co-branded materials:** parent letters, posters, demo evening support.
- ✓ **Direct support line** to our team — feedback shapes the product roadmap.
- ✓ **Data safety:** COPPA-aligned design, parent-approval flows, no data selling. Ever.

THE PILOT OFFER — FIRST TERM

We are selecting a founding cohort of schools in Lagos and Johannesburg. Pilot-term access to all three programmes for selected classes, fully supported, at no cost to the school — in exchange for structured feedback and a case study we build together.

AFTER THE PILOT

- ✓ Per-learner termly licence, priced per programme.
- ✓ Bundle discount when the school takes all three.
- ✓ Founding schools keep partner pricing permanently.
- ✓ No lock-in — renew term by term.
